

HEERF – Emergency Financial Aid Grants to Students Part 2 Calculation

Allocation Calculation Formula

The formula the school used for calculating allocations is: $a=(y*x)+(z*.5x)$

- a=Dollar amount of funds to be distributed in the Part
- x=Dollar amount to be allocated to Title IV students
- .5x=Dollar amount to be allocated to Non-Title IV students
- y=Number of Title IV students included in the Part
- z=Number of Non-Title IV students included in the Part

Part 2 Calculation

The calculation of Part 2 is contained in this section. Based on the information in this document, the institution determined the following inputs to the formula:

- **\$22,830.12**=a=Dollar amount of funds to be distributed in the Part 2 Allocation Calculation
 - The Part 1 Allocation was expected to be \$21,725.57 per the Part 1 Calculation
 - ■ student(s) opted out of receiving their allocation
 - ■ student(s) failed to complete the required paperwork to receive their allocation, and the school could not determine their eligibility for the HEERF grants
 - As a result of the above, \$20,620.88 was distributed in Part 1, leaving the above figure to be allocated in Part 2
- ■=y=Number of Title IV students included in the Part 2 Allocation Calculation
- ■=z=Number of Non-Title IV students included in the Part 2 Allocation Calculation

The school solved for x by inputting the above into the formula:

$$\begin{aligned} \$22,830.12 &= (\text{■}x) + (\text{■}*.5x) \\ \$22,830.12 &= \text{■}x \\ x &= \$\text{■} \\ .5x &= \$\text{■} \end{aligned}$$

The result are as follows:

- \$■ has been allocated to ■ Title IV Students for a total amount of \$■
- \$■ has been allocated to ■ Non-Title IV Students for a total amount of \$■
- \$22,830.16 was the actual amount allocated after rounding, which was \$0.04 higher than the anticipated \$22,830.12 leaving .04 to be allocated from the institutional portion of the HEERF.

■ student(s) that were included on the 5/30/2020 roster of students were excluded from the calculation for the following reasons:

- ■ student(s) opted out
- ■ student(s) were not included in the calculation due student status
- ■ student(s) were not included for failing to complete the required paperwork to receive their allocation, and the school could not determine their eligibility for the HEERF grant

■ student(s) were scheduled to be excluded because of ■ and appealed and prevailed upon appeal to be included in the calculation. The school received 0 appeals that were denied.
